

KAIPARA DISTRICT COUNCIL

Election of two (2) Councillors for the Dargaville Ward

Cilla HENDERSON

I have lived, worked or been involved with the Kaipara area for the last 20 years, mostly in the dairy farming sector. Having now bought a property in Dargaville my focus is now centered there. I am passionate about small towns, feel Dargaville is a great town with a bright future and I would like to play a role in that future.

What motivates me is not politics but a personal desire to make sure Dargaville stays the sort of small town where you can raise your children or retire to, happily and safely, a town that when someone asks where you come from you are proud to say Dargaville.
