

KAIPARA DISTRICT COUNCIL

Election of three (3) Councillors for the Otamatea Ward

Graham TAYLOR

Otamatea Ward is the powerhouse of Kaipara with great pressures on development but wonderful opportunities for creating vibrant communities and quality environments. Making the most of these opportunities requires careful decision making and a determined vision. I believe I have the essential skills to balance the need for growth with the desire to retain that which is uniquely Kaipara. We should minimize bureaucracy and encourage innovation. We are lucky to have a district with such a distinct character. Our smaller communities are the real strength of our district and it's great to see them develop. I have enjoyed being a senior member of the current council and with a smaller team this time, experience will be even more important. With the right people, I'm sure Kaipara can continue to achieve its potential as a great place to live and work. I'm enthusiastic, and keen to be part of that team.
