Background

and

Indicative Expression of Interest Programme

Part A – Background and Indicative Expression of Interest Programme

1 Background

Kai Iwi Lakes (Taharoa Domain reserve) is an extremely popular summer holiday destination with visitor numbers continuing to increase annually. Kaipara District Council provides a number of parks, reserves and facilities to cater for visitors to this area. The allowing of mobile business services to operate during the summer period at specified reserve locations is a recent Kaipara District Council initiative. As such, Expressions of Interest (EOI) to operate mobile business services are being sought for the upcoming summer period and subsequent summer periods up to a maximum of three. The number of mobile business services approved will be at the discretion of Council, being allocated as follows; Pine Beach Campground and Promenade Point Campground.

Consideration will be given to applications provided they are:

- Not competing directly with a similar (permanent) service provider in the same location;
- Providing a quality customer service that is clean and tidy;
- Complements the reserves activities;
- Meets all regulatory requirements including but not limited to Council licenses and permits to operate;
- Keeps the designated site free of litter and rubbish;
- Operates within the timeframes permitted;
- Stays within the permitted area allocated; and
- Pays a market rent for the use of the reserve.

2 Aims And Objectives Of Expression Of Interest (EOI) Process

The aim is to identify viable options that will deliver good customer service, add value to the visitor experience, are in keeping with the objectives of the [Kai Iwi Lakes \(Taharoa Domain\) Reserve Management Plan 2016](#) and provide the best return to the Kaipara District over the summer period.

Another important aim is to limit the impact mobile business service providers have on the limited space available during peak times for the public to use.

The EOI process is being undertaken on the basis set out in Part B of this document.
