Electrify Te Tai Tokerau welcomes the generally permissive approach to renewable electricity generation and particularly the focus on supporting collective well-being as described in Part 2 – District-wide matters / Energy, Infrastructure, and Transport / Renewable Electricity Generation of the Proposed Kaipara District Plan. *See attached our detailed submission.*

Electrify Te Tai Tokerau is an electrification advocacy group for renewable energy formed by a group of like-minded Northlanders. We established under the umbrella of the national electrification advocacy group Rewiring Aotearoa, to bring our local perspective and action to accelerate Te Tai Tokerau's transition to electrification. We are driving a community-led energy transition, empowering Northlanders to take advantage of abundant renewable resources, securing reliable, affordable and sustainable energy as well as creating local economic benefits for all.
