Kia ora

I would like to make a submission on the plan in regard to NFL-R2,5 Subdivisions of a site within a natural character coastal landscape

My submission is that I strongly oppose the provision

There should be no special provisions made removing protections for areas of our outstanding landscape, These remaining areas of the natural environment are precious and must remain untouched and preserved for the biodiversity. No individual should be given the opportunity to alter this landscape and override the established protection protocols,

Specifically

Note 1 Restricted Discretionary activity opportunity expressly applies only to the 13 identified building locations shown on RM 090103 for lot 2 DP 316 176 .

Note2 this applies on a non notified basis

Note 3 I seek the following decision This part of the district plan be removed

Michelle Fyson
84a Echo Valley Road
0211504935

I gain no advantage in trade competition through this submission
We are all affected by the changes made to our natural environment,
I don't wish to be heard at the hearing

Could this submission be lodged on my behalf

Nga mihi
