Proposed CCTV targeted rate area
Kaipara District boundary
Property boundary

The shaded portion of the district shows the areas subject to the proposed targeted rate.

Some properties are 'non-rateable' for various reasons. Should it be decided that this rate be collected from July 2021 onward, properties which are subject to the implementation, would be liable for the rate. The defined boundaries and liable properties will be defined post consultation and identified as per our Revenue and Financing Policy.
