1. Introduction

1.1 The Kaipara District Council Environmental Awards formally acknowledges the work of individuals and organisations who protect and enhance our District's unique environment. Council is committed to recognition of citizens through a nomination process which occurs every three years. This Policy provides an assessment framework to assist in determining the successful award recipients.

2. Policy

2.1 The objective of these awards is to recognise and celebrate the people and/or organisations who have made a significant contribution to ensuring the natural environment thrives in the Kaipara District.

3. Procedures, Processes, Standards & Guidelines

3.1 There are five categories of awards to cover the broad range of environmental projects and activities happening in the Kaipara District.

3.2 The categories are:

- **Environmental Action in the Community** –recognises individuals or groups who are working collaboratively within our community to protect and improve the Kaipara's environment.
- **Environmental Action in Education** –recognises those that are driving learning and action to bring about change on environmental issues. The award is specific to schools, Kura kaupapa Māori, early childhood centres or tertiary institutions, and can include the whole school, groups or individuals.
- **Environmental Action in Business/Industry** – recognises businesses (individual or collective) that demonstrates a notable contribution to the sustainable development of natural resources in the Kaipara.
- **Environmental Youth Leadership** – recognises an individual or group whose leadership, support of others and willingness to share ideas and resources is making a significant contribution to the Kaipara's environment. This award is only open to young people under the age of 25 years and/or a youth group/programme.
- **Kaitiakitanga** - recognises the unique relationship tangata whenua have with natural and physical resources in accordance with tikanga Māori organisations.

4. Definitions

4.1 The Resource Management Act 1991 definition of environment includes the following:

- (a) Ecosystems and their constituent parts, including people and communities; and
- (b) All natural and physical resources
- (c) Amenity values

- (d) The social, economic, aesthetic and cultural conditions which affect the matters stated in paragraphs (a) to (c) or which are affected by those matters
