Full road closure for the duration of this stage. Vehicle access will be via Fagan Place, new carpark with exit maintained from Old Fire Station Road through to roundabout. Pedestrian access will maintained on both sides for the duration of this stage. 2 way access through roundabout will be maintained during the day.

WOOD STREET  
REVITALISATION  
PROJECT EXTENTS

Stage 5 will include night works to prep, resurface and line mark all of Wood Street including raised traffic islands on Ellen Street roundabout. All kerbing works adjacent to roundabout will be completed during normal working hours protected by temporary fencing and traffic management when required.
