

Kaipara District Licensing Committee Annual report to the Alcohol Regulatory and Licensing Authority for the period 01 July 2022 to 30 June 2023

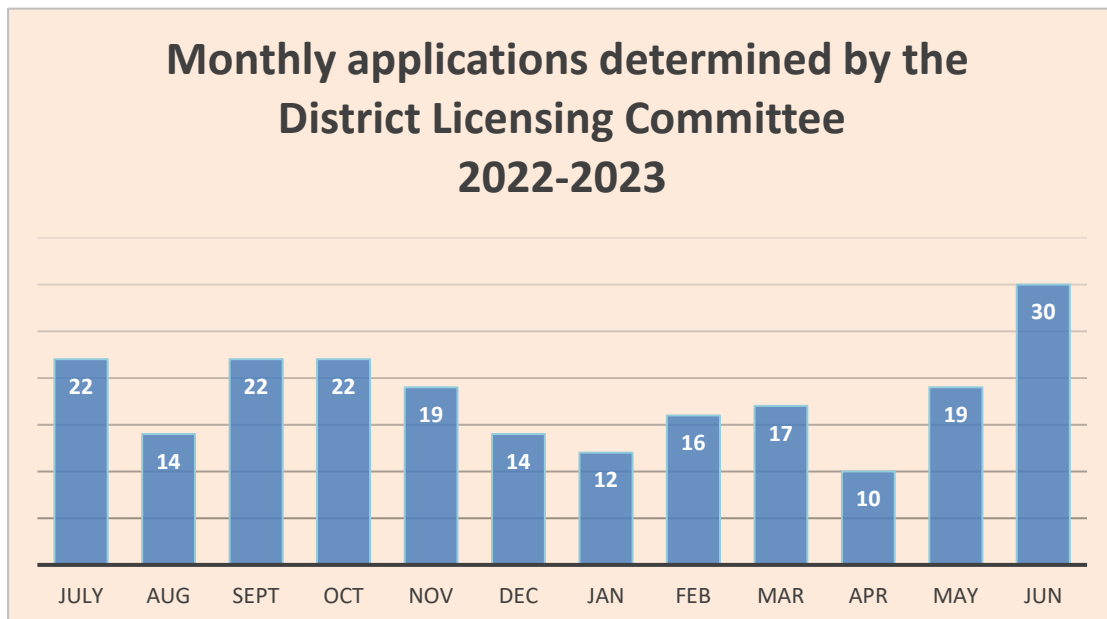

Introduction

The purpose of this report is to inform the Alcohol Regulatory and Licensing Authority of the general activity and operation of the Kaipara District Licensing Committee for the period 01 July 2022 to 30 June 2023. The report is pursuant to s.19 of the Sale and Supply of Alcohol (Fees) Regulations 2013.

One District Licensing Committee (DLC) operates within the Kaipara District. The Council made the following appointments to form the new District Licensing Committee on Wednesday 29 July 2020.

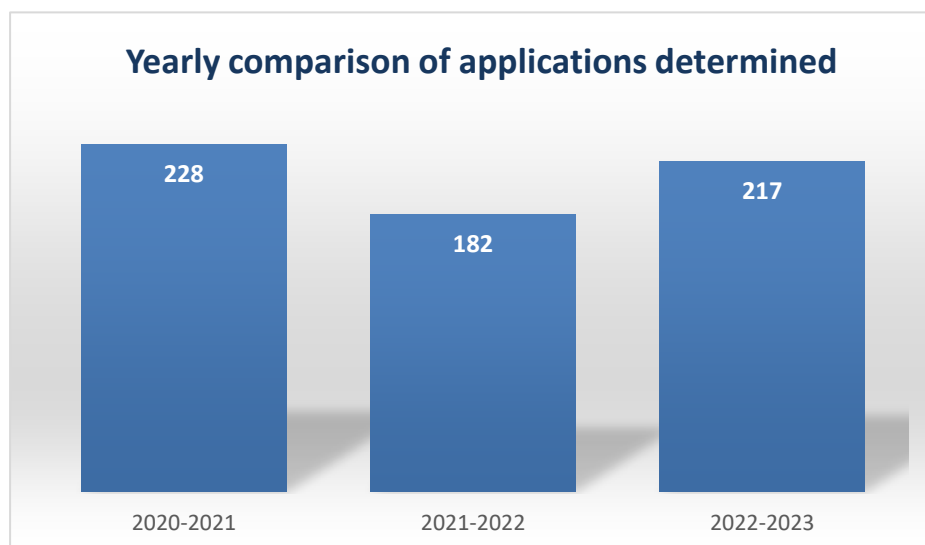

Name	Role
Chair	Mark Farnsworth MNZM
Member	Grace Le Gros
Member	Gordon Lambeth
Member	Murray Clearwater
Member	Amy Munn

During this reporting period a total of 217 applications have been determined by the DLC.

Comparison of applications determined by the DLC Committee for the years 2020-2021, 2021-2022 and 2022-2023.

1 Overview of the District Licensing Committees Workload

1.1 Noticeable increase or decrease in the TA's business

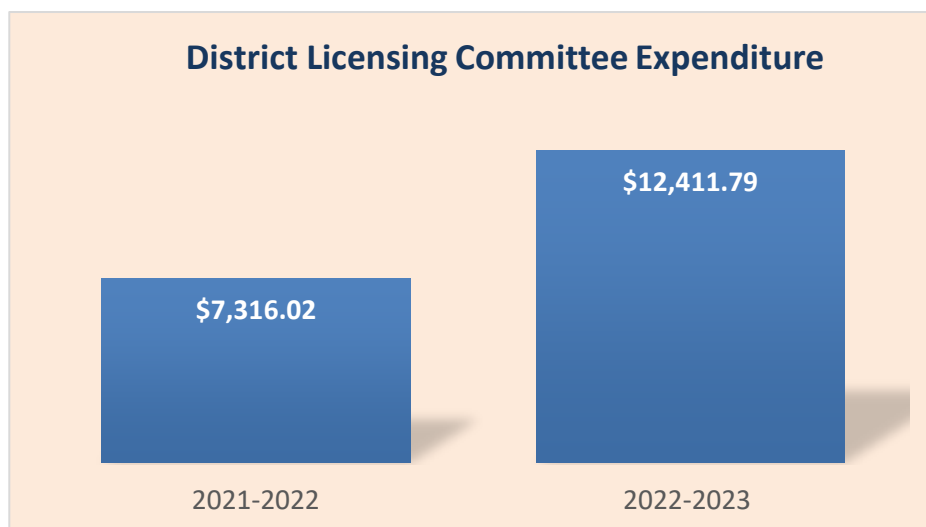

- The number of applications determined by the Kaipara District Licensing Committee in the 2022-2023 year increased by 19% in comparison with the previous year.
- Manager applications for the 2022- 2023 year increased by 13% in comparison with the 2021-2022 year.
- Temporary Authorities decreased from 14 in the 2021-2022 year to 5 in 2022-2023.
- Special licence applications increased significantly which may be attributed to the Covid levels or traffic light settings having been lifted.

Revenue: The revenue paid to the Territorial Authority for application fees and annual fees continues to partly finance the inspectorate, administrative and committee components with regards to the preparing of all applications which must be determined by the District Licensing Committee.

A schedule of applications received is compiled monthly and sent to the Alcohol Regulatory and Licensing Authority (ARLA) in Wellington, together with a remittance to cover the proportion of fees due in terms of the Sale and Supply of Alcohol (Fees) Regulations SR 2013/452. Application and Annual fees payable to ARLA for the period 01 July 2022 to 30 June 2023 amounted to \$7,975.25.

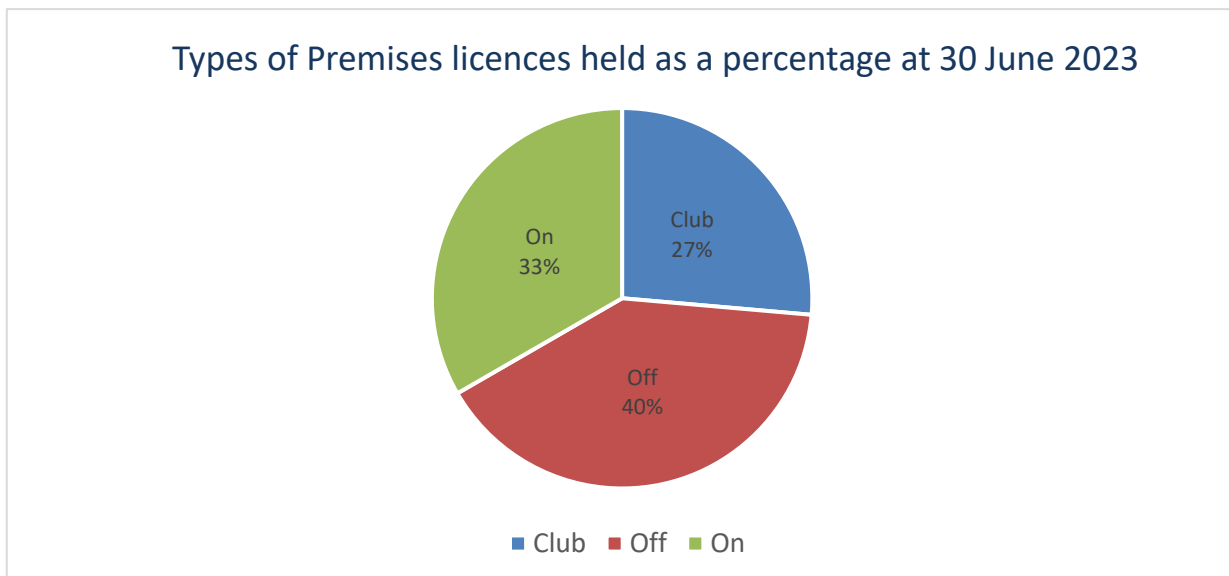

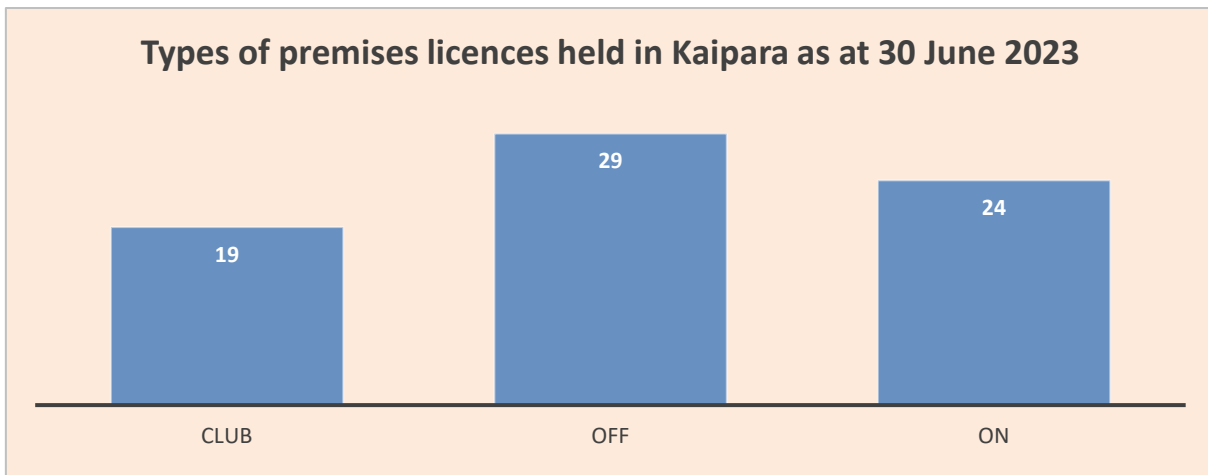

DLC expenditure: The Chair and members and associated costs for the 2022-2023 financial year increased significantly in comparison with 2021-2022. The increase is attributed to two applications which attracted public objections resulting in full committee hearings.

Monitoring and Administrative Team members continue to spend considerable time on the applications received by Council to ensure great customer experience is given whilst ensuring consistency and compliance with the Sale and Supply of Alcohol Act 2012 are maintained.

There were 72 licences issued to premises in the Kaipara District as of the 30 June 2023, compared with 76 licences as of 30 June 2022. **Note:** Two off licences have been granted by the Kaipara District Licensing Committee, with the licences not issued due to the building certificate required under section 100(f) of the Sale and Supply of Alcohol Act 2012. The Upper Wairoa Memorial Park Association clubrooms burned down in 2020, with the unopposed application for a new club licence due to progress to the Kaipara District Licensing Committee for their determination shortly.

Five premises have surrendered their licences over the year. As one door closes another one opens, and with the economic growth particularly in Mangawhai, new economic ventures have come into fruition including a licensee making and selling gin and a brewery producing and selling its beer. The Inspector is receiving enquiries regarding potential new premises within the Mangawhai and Dargaville areas and we are encouraging these types of proposed developments as best we can, including arranging on site meetings with new applicants and reporting agencies.

1.2 Agency meetings

Meetings are usually held for the Kaipara Alcohol Accord on an as when required basis. These meetings are well supported by the licensees who have expressed their desire to continue to meet with agency representation. The meetings are held and hosted at alternating venues to allow maximum

licensee attendance across the district. One Accord meeting was held in person in October 2023 and covered difficult customers and the trespass Act, training requirements, Northland Road Safety Trust and funding ideas, the licensed footprint and the upcoming Christmas season.

From the agency perspective, the Licensing Inspectors, Police, Medical Officer of Health and Fire Service (Kaipara Management of Alcohol Group representation) continue to work together collaboratively in satisfaction of s.295 of the Sale and Supply of Alcohol Act 2012. The agencies have implemented a policy of meeting with all prospective new licensees.

Controlled Purchase Operations are carried out by the Medical Officer Health and the Police to test if licensees or their staff would sell to any minors. A Controlled Purchase Operation (CPO) was carried out within the Kaipara district over the past year whereby three off licence premises were found to be selling alcohol to a minor. This was not totally unexpected due to the last CPO being carried out in the Kaipara District in 2020. Covid duties impacted the ability for the Police and Medical Officer of Health to undertake Controlled Purchase Operations during this period. (Note - This was not out of kilter with our Northland counter parts as they also experienced similar numbers of failures).

Compliance checks were conducted by Councils Environmental Health Officers to all licensed premises, with several unannounced visits to licensed premises by Kaipara's Licensing Inspector. (This included new operators and any premises that may be of concern.)

1.3 Noticeable trends or issues faced by the Territorial Authority

Monitoring and policing the alcohol control areas in the Dargaville, Ruawai and Mangawhai areas continue as per the recently reviewed Policy adopted by Council on 18 December 2018.

2 Territorial Authority Initiatives

2.1 New initiatives adopted or tried by the Territorial Authority

The Licensing Inspector and reporting agencies formally undertakes a meeting with any prospective new licensees. This includes both proposed new premises and changes in ownership of existing premises. This service aims to ensure that all prospective licensees fully comprehend the obligations and responsibilities under the Sale and Supply of Alcohol Act.

The Inspector has worked closely with licensees to ensure that they are carrying out regular on-going training with their staff that is relevant to the Sale and Supply of Alcohol Act. A summary of this training is inputted into the Health Promotion Agencies tool kit folders provided to the licensees. The Territorial Authority obtains a copy of the premises managers registers; training records and incident logs at every alcohol inspection to ensure the licensee is adhering to the requirements of the Act.

The Alcohol Team has worked collaboratively with Northland Road Safety Trust, with the Territorial Authority receiving funding of \$2,300.00 to purchase caps with a "Drive Sober" message. These caps were distributed to the licensees throughout Kaipara prior to the lead up to Christmas.

3 Sale of Alcohol Policy

3.1 Sale of Alcohol Policy and when last reviewed

Kaipara district does not have a Local Alcohol Policy (LAP). The Territorial Authority continues to successfully work closely with the Police, Ministry of Health, Fire Service and other agencies to provide a joint collaborative and consistent approach when reporting on applications.

(NB - For Council to consider the implementation of a LAP, there would need to be evidence based statistical data directly linked to alcohol related harm within Kaipara district. To date no evidence has proven conclusive to necessitate the progressing of a LAP for Kaipara district).

4 Enforcement and Inspections

4.1 Alcohol-related Bylaws

As previously referred to the Alcohol Control Bylaw 2018 was passed by Council resolution and adopted on 18 December 2018. The Alcohol Control areas in Mangawhai, Dargaville, Ruawai, Kaihu, Aranga, Omamari, Baylys, Glinks Gully, Pouto and Te Kopuru continue to be monitored and policed as necessary.

4.2 Summary of inspections undertaken of licensed premises

Compliance checks of licensed premises were undertaken by the warranted licensing inspectors. Licensed premises have been subject to inspections as and when required with the aim of visiting 100% of all licensed premises annually and this was achieved for the 2022-2023 year.

5 Liaison with Other Agency Groups

5.1 Accord Liaison Group Meetings

The Kaipara Alcohol Accord continues to meet, and the attendance is strong from a cross-selection of licensees across the district representing hotels, taverns, restaurants and clubs. The Territorial Authority continues to facilitate the meetings and to encourage customer driven creative ideas targeting the reduction in alcohol related harm within the community including updated and relevant signage for premises, T-shirts; key rings, hats or wallet holders promoting the Kaipara Accord group. Kaipara Alcohol Accord has been granted \$2,300.00 (including gst) from Road Safety Northland for the coming year for continuing alcohol education.

5.2 Joint initiatives

The Inspectors continue to work closely with the Police, Public Health and the Fire Service in relation to inspections and any complaints lodged with the Territorial Authority. General checks for compliance are undertaken during both scheduled and impromptu visits to licensed premises. Joint agency / licensee meetings are held as required to resolve any issues of concern in a positive manner.

6 Statistical Information

6.1 An annual return for the Alcohol Regulatory and Licensing Authority (ARLA)

A quantitative return is prepared annually and furnished as requisite to the TA. (Attachment A.)

7 Current listing of licensed premises

The list of currently licensed premises within Kaipara district is included and circulated with this report (Attachment B.)

Conclusion

The Alcohol Administration Team continues to explore business improvement opportunities to ensure that all applications are processed in a timely manner. The formative setting of a regular weekly hearing date for unopposed applications for determination by the Committee Chair continues to provide for streamlined administrative procedures. Tangible efficiency gains and overall professional performance remain a high priority as Kaipara District Council continues to be portrayed as a high performing and customer friendly organisation including looking at customer service improvements with regards to online applications with Business Connect (a fully funded government platform for alcohol licensing) which may simplify the process of lodging applications online for our customers. We will report on the gains or further efficiencies if they are worthwhile.

The new structure to the Alcohol Team has much improved the customer experience, working closely with the licensees, manager's and reporting agencies as and when required, this collaborative partnership manner has resulted in a much more successful together like relationship to achieve what the Council requires whilst meeting the customer needs.
