

Kaipara District Council
6/6 Molesworth Drive
Mangawhai 0505

14 March 2023

Attention: Kaipara District Council's District Plan Department

Dear Hearing Commissioner,

Fire and Emergency New Zealand – letter to be tabled for Private Plan Change 81 Dargaville Racecourse

Fire and Emergency New Zealand (Fire and Emergency) made a submission on Private Plan Change 81 for Dargaville Racecourse requesting amendments to precinct provisions to take into account firefighting water supply and emergency access needs.

In paragraphs 342 – 346 of the s42a Planning Report, the planner references the Environment Court decision that resulted in Plan Change 4 where firefighting wording was agreed through mediations between Kaipara District Council and Fire and Emergency (ENV-2018-AKL-00012). Fire and Emergency supports the provisions of Plan Change 4 being applied to the proposed Plan Change and see this as the minimum response to resolve the matters raised in our submission.

Given the recommended adoption of PC4's provisions in paragraphs 345 and 346, Fire and Emergency do not consider it necessary to be heard in support of their submission.

Should you have any queries or seek clarification on the above, please contact me on the details below.

Yours sincerely,

Nola Smart – Authorised on behalf of Fire and Emergency
