Mangawhai 0505

20 February 2024

Attention: Kaipara District Council's District Plan Department

Dear Hearing Commissioner,

Fire and Emergency New Zealand – letter to be tabled for Private Plan Change 83 The Rise Limited

Fire and Emergency New Zealand (Fire and Emergency) made a submission on Private Plan Change 83 The Rise Limited. The submission requested the inclusion of the existing ODP provisions relating to firefighting water supply as settled via consent order on an appeal to Plan Change 4 (ENV-2018-AKL-00012). The s42a Planning Report recommends incorporating this as set out in paragraph 78.

Given the recommended adoption of PC4's provisions, Fire and Emergency do not consider it necessary to be heard in support of their submission.

Should you have any queries or seek clarification on the above, please contact me on the details below.

Yours sincerely,

Nola Smart – Authorised on behalf of Fire and Emergency
