Submission Point 63.1

There is a lack of larger/lifestyle lots available in the Mangawhai region I see Mangawhai as a lifestyle area and prefer to see larger lots than smaller ones.

I believe the proposed development are trying for a carbon neutral footprint, using alternative energy sources ie solar.

It appears alot of care has been taken to assess the environmental impact of the development, and how to mitigate the impact, also the public use of bushwalks and cycle ways has an appeal outside of the development.

A development of this size will definately support the growth of Mangawhai, and fill in a current lack of larger building sites in the area

Example - supports the growth of Mangawhai
