

Kaipara District Council

Electing the Mayor

Craig Eldon JEPSON

My principal place of residence is in the Kaipara District Council area.

Proud local and successful Northland Business operator for over 40 years Former Northland Rugby Representative. As Mayor I will engage with my community and fellow Council members

to strengthen Kaipara's Economy, Democracy and Community. New Zealand is entering tough economic times. Kaipara District Council requires prudent economic management. I will review council spending and staffing levels, work to remove unworkable rules and unnecessary compliance costs to our farmers, growers and businesses. Maintaining a strong local economy ensures vibrant local communities.

As a member of Democracy Northland, I sponsored and presented to Kaipara District Council the petition objecting to the undemocratic introduction of a race-based ward. I oppose 3 Waters and He Puapua being imposed without the Kaipara community having a say.

Council should represent the community not dictate to them.

The 2022 local body elections are an opportunity to return public respect to our local council. Contact jepoformayor.co.nz phone 0273040144
