

Kaipara District Council
Kaiwaka-Mangawhai General Ward
Election 3 Councillors

Misty SANSOM

My principal place of residence is in the Kaiwaka-Mangawhai General Ward area.

I moved to Mangawhai from a farming area on the coast of north Taranaki. The welcoming community, beautiful beaches and relaxed lifestyle won me over, and it is now home for my

family and business.

The rapid growth and change over the past decade have resulted in both valuable improvements and big challenges. Mangawhai, along with the wider Kaipara area, is facing change and pressure on an extraordinary level, from a growing population to significant reforms shifting the role of local government.

While we can't hold back change and development, we can set the direction that best serves our community, our environment, and our future. My focus as a councillor will be to ensure that our community is truly leading the change while protecting the values that make this place special.

I would be honoured to receive your vote, and look forward to representing you on the Kaipara District Council.
