

Kaipara District Council

Electing the Mayor

Victoria DEL LA VARIS-WOODCOCK

My principal place of residence is in the Kaipara District Council area.

As a proven leader for locals, I will be the Mayor who will stand up for Kaipara people and for local democracy in these changing times. I have served Kaipara people well as a councillor for the past two terms by holding firm to democratic principles. My successes include fighting on behalf of the community to keep rates affordable, being a champion for the Kaihu Valley Trail, and keeping the community informed about council processes. The council I lead will strive for excellence. It will focus on the basics and get them right. It will be a council that actively listens to the people across our Kaipara district, helping to create communities adept at meeting their futures with positivity. My background includes the study of languages, managing the successful Love Kaipara waste minimisation project; achieving a master's degree in political studies, and raising three fine sons with my husband Douglas.
