

## **Ruawai Promotions and Development Group**

**is an Incorporated Society.**

**We fundraised and built this Gazebo. It is on the Village Green in the centre of Ruawai, on State Highway 12 and the Twin Coast Discovery Route.**

**The Ruawai Flats area has a unique history and our photo collection describes its transformation from a swamp to some of Northlands most productive land. It is quite a story.**

**Our Photo Collection will be interesting and informative to locals and tourists alike. Photos have already been collected from a local history author, the Matakohe Kauri Museum, and a wide variety of members of our community, including the schools, marae, Kaipara Kumara and other local businesses. This is a very inclusive community project.**

**We have also successfully fundraised for another project (the Ruawai Stopbank Walkway), and have no surplus funds for the Gazebo Photo Collection.**

**We need funding for the graphic design and printing of our Photo Collection as we are hoping to have it completed by Christmas Parade on December 15<sup>th</sup>.**
