

Amendment to the Kaipara District Speed Limits Bylaw 2018

Kaipara District Council adopted an amendment to the Kaipara District Speed Limits Bylaw 2018 at its meeting on Wednesday 25 May 2022. The amendment to the Bylaw comes into force on Monday 13 June 2022.

The amendment sets new safe and appropriate speed limits in the Mangawhai, Hakaru and Kaiwaka areas, including Oruawhoro Road and Oneriri Road. The new speed limits better match the road environment and are aimed at reducing serious injury and fatal crashes on our local roads. In most cases, urban roads in Mangawhai Heads, Mangawhai Village and Kaiwaka will become 40 km/h on 13 June, to make them safer for all road users, including pedestrians, cyclists, and children. Speed limits on most sealed roads outside the urban areas will be reduced to 80 km/h or less.

Roads and their new speed limits are set out below, or can be viewed, along with a full copy of the amended Speed Limits Bylaw 2018 on Council's website at www.kaipara.govt.nz.

A copy of the Speed Limits Bylaw 2018 is available for viewing at the Kaipara District Council Mangawhai or Dargaville service centers and the Dargaville Library. It is also available on the Kaipara District Council website.

The Speed Limit Bylaw is made pursuant to Section 22AB(1)(d) of the Land Transport Act 1998 and this public notice is made pursuant to Section 157 of the Local Government Act 2002.

Louise Miller, Chief Executive Kaipara District Council
