

## 10 Network Utilities

### 10.10.2 Restricted Discretionary Activities

The following Network Utilities activities are Restricted Discretionary Activities:

- a) Activities that do not comply with Rules 10.11.2-10.11.112 and 10.12.2.[...]

## 10.11 Network Utility Performance Standards (excluding telecommunications facilities in the road reserve refer to Section 10.12)

Rule	Parameter	Permitted Activity Performance Standard	Activity Status if the Activity does not meet the Performance Standard	Assessment Criteria
10.11.4 [Was 10.11.2 prior Decisions Version]	Existing Network Utilities		Restricted Discretionary Activity	Where an activity is not permitted by this Chapter, <b>Council</b> will <del>have regard</del> <b>restrict its discretion</b> to the following matters when considering an application for Resource Consent: [...] iii) Whether and the extent to which the proposal will impact on any natural ecosystem, cultural <del>or archaeological site,</del> <b>or significant landscape feature</b> ; [...] xi) <del>Whether and the extent to which the proposal will affect the Effects on the landscape and heritage values of any Outstanding Landscape Area or Outstanding Natural Feature identified in Map Series 42 or Visual Amenity Landscape identified in Appendix G; and the extent to which the subdivision, use or development meets the objectives, policies and outcomes of Chapter 18 – Landscapes and the additional assessment criteria contained in Appendix 18B.</del> [Was viii prior to Decisions Version]  Note 1: A description of the landscapes <del>and natural features</del> is provided in Appendix 18BA, <del>and</del> The values associated with both Outstanding Landscape Areas and Visual Amenity Landscapes are described in the Kaipara District Landscape Technical Report (2010).
10.11.5 [Was 10.11.3 prior Decisions Version]	Network Utilities and Alterations to Network Utilities Within an Outstanding Landscape Area	The installation and alterations to Network Utilities in an Outstanding Landscape Area <del>or Outstanding Natural Feature</del> is a permitted activity if: a) These services are underground; <del>or</del> b) The alterations are required for routine maintenance to an existing network utility and do not involve any change in scale, character and appearance of the feature.		Where an activity is not permitted by this Rule, Council will <del>have regard</del> <b>restrict its discretion</b> to the following matters when considering an application for Resource Consent:  i) <del>Whether and the extent to which the proposal will affect the Effects on the landscape and heritage values of any Outstanding Landscape Area or Outstanding Natural Feature identified in Map Series 42 or Visual Amenity Landscape identified in Appendix G; and the extent to which the subdivision, use or development meets the objectives, policies and outcomes of Chapter 18 – Landscapes and the additional assessment criteria contained in Appendix 18B.</del>  Note 1: A description of the landscapes <del>and natural features</del> is provided in Appendix 18BA, <del>and</del> The values associated with both Outstanding Landscape Areas and Visual Amenity Landscapes are described in the Kaipara District Landscape Technical Report (2010).
10.11.6	Maximum Height	a)	Restricted Discretionary Activity	Where an activity is not permitted by this Chapter, <b>Council</b> will <del>have regard</del> <b>restrict its discretion</b> to the following matters when considering an application for Resource Consent:
10.11.7	Maximum Diameter	b)	Restricted Discretionary Activity	<del>(3) – General Criteria</del> iii) Whether and the extent to which the proposal will impact on any natural ecosystem, cultural <del>or archaeological site,</del> <b>or significant landscape feature</b> ; [...]
10.11.8	Separation distances	b)	Restricted Discretionary Activity	
10.11.9	Maximum Length	a)	Restricted Discretionary Activity	ix) <del>Effects on the landscape and heritage values of any Outstanding Landscape Areas identified in Map Series 1 or Visual Amenity Landscape identified in Appendix G; and the extent to which the subdivision use or development meets the objectives, policies and outcomes of Chapter 18 – Landscapes and the additional assessment criteria contained in Appendix 18C.</del>
10.11.10	Maximum Area	b)	Restricted Discretionary Activity	<del>Note 1: A description of the landscapes is provided in Appendix 18A, and The values associated with both Outstanding Landscape Areas and Visual Amenity Landscapes are described in the Kaipara District Landscape Technical Report (2010).</del>
10.11.11	Maximum Volume	a)	Restricted Discretionary Activity	<del>x) –</del>
10.11.12	Maximum <del>Length</del> Dimension	a)	Restricted Discretionary Activity	
10.11.13	Design	•	Restricted Discretionary Activity	

Rule	Parameter	Permitted Activity Performance Standard	Activity Status if the Activity does not meet the Performance Standard	Assessment Criteria
10.11.14	Landscaping		Restricted Discretionary Activity	
10.11.15	Signs	b)	<del>Restricted Discretionary Activity</del>	<p>Where an activity is not permitted by this Chapter, <b>Council</b> will <del>have regard</del> <u>restrict its discretion</u> to the following matters when considering an application for Resource Consent:</p> <p><del>(3) General Criteria</del></p> <p><del>xiii) Whether and the extent to which the proposal will impact on any natural ecosystem, cultural or archaeological site, or significant landscape feature;</del></p> <p>[...]</p> <p><del>xix) Whether and the extent to which the proposal will affect the Effects on the landscape and heritage values of any Outstanding Landscape Area or Outstanding Natural Feature identified in Map Series 42 or Visual Amenity Landscape identified in Appendix G; and the extent to which the subdivision, use or development meets the objectives, policies and outcomes of Chapter 18 – Landscapes and the additional assessment criteria contained in Appendix 18CB.</del></p> <p>[Was viii prior to Decisions Version]</p> <p>Note 1: A description of the landscapes and natural features is provided in Appendix 18BA, and the values associated with both Outstanding Landscape Areas and Visual Amenity Landscapes are described in the Kaipara District Landscape Technical Report (2010).</p>

10.12 Network Utility Performance Standards for Telecommunications Facilities in the Road Reserve (for telecommunications outside the road reserve refer to 10.11)

Rule	Parameter	Rural Permitted Activity Performance Standard	Activity Status if the Activity does not meet the Performance Standard	Assessment Criteria
10.12.2	Telecommunication facilities in the road reserve	a)	Restricted Discretionary <del>Activity</del>	<p>Where an activity is not permitted by this Chapter, <b>Council</b> will have regard to the following matters when considering an application for Resource Consent:</p> <p><del>iii) Whether and the extent to which the proposal will impact on any natural ecosystem, or cultural or archaeological site, or significant landscape feature;</del></p> <p>[...]</p> <p><del>x) Effects on the landscape and heritage values of any Outstanding Landscape Area identified in Map Series 1 or Visual Amenity Landscape identified in Appendix G; and the extent to which the subdivision, use or development meets the objectives, policies and outcomes of Chapter 18 – Landscapes and the additional assessment criteria contained in Appendix 18C.</del></p> <p>Note 1: A description of the landscapes is provided in Appendix 18B and The values associated with both Outstanding Landscape Areas and Visual Amenity Landscapes are described in the Kaipara District Landscape Technical Report (2010).</p>
