number:

Mobile
number:

Type of property:

Residential/Urban

☐

Rural

☐

Commercial

☐

Number of connections required:

Water

☐

Wastewater

☐

Stormwater

☐

Water Meter Only

☐

Disconnection required:

☐

Please provide a detailed plan of work proposed. This must be produced in conjunction with Council's Engineering Code of Practice. ☐ Attached

Additional Connection Details:

Signature of Applicant Date

Water – Fees Apply for 1 July 2020 to 30 June 2021

Description	Fee (Incl. GST) \$
EXISTING CONNECTION POINT	
Provide 20 millimetres meter	275.00
Provide 25 millimetres meter	520.00
NEW CONNECTION	
Provide 20 millimetres connection, testable backflow preventer and meter	1,650.00
Provide 25 millimetres connection, testable backflow preventer and meter	2,040.00
Provide 20 millimetres connection, non-testable backflow preventer and meter	1,400.00
Provide 25 millimetres connection, non-testable backflow preventer and meter	1,820.00

Notes

- 1 The Council's contractor will provide all necessary components to complete the connection from the main to the property boundary. If the distance from the main to the boundary exceeds 2.0 metres, Council reserves the right to recover actual costs.
- 2 The Council's contractor will provide the meter and install onto an existing connection at the boundary.
- 3 The Council's contractor will make the physical connection to the Council main and terminate at the property boundary with a water meter. The applicant will carry out all other physical works.
- 4 This section applies where applicable to all connections.
- 4a Where a larger meter is required a quote will be obtained from Council's contractor. This quoted cost plus 15% shall be paid to Council prior to work commencing.
- 4b Where a connection is not straightforward (e.g. crossing a road or lifting cobblestones) a quote will be obtained from Council's contractor. The quoted cost plus 15% shall be paid to Council prior to work commencing.
- 4c Where land is being subdivided, it is the subdivider's responsibility to provide a water connection **and water meter** to each lot and connect the development's water supply reticulation system to the public system. In all cases connection to the Council main shall be done by Council's contractor and payment shall be made directly by the subdivider to Council's contractor.

Other Connection/Disconnection Fees

Description	Fee (Incl. GST) \$
Annual inspection fee for backflow preventer	85.00
Water reconnection fee or removal of water flow restrictor	290.00
Water disconnection fee	290.00

Stormwater Disposal

Description	Fee (Incl. GST) \$
Inspection fees	360.00
Connection fee	As per approved contractor's quote + 15%

Connections to public infrastructure can be undertaken by Council Contractors if requested. This incurs the connection fee.

The connection fee is costed for a standard residential connection. It includes a "y" junction and piping to the boundary.

Connections must be made by a certified drain layer. The connection should be inspected by the Building Consent officer.

Connections must be as per Council's Engineering Standards.

Wastewater Disposal

Description	Fee (Incl. GST) \$
Inspection fees	360.00
Connection fee – <i>Excludes Mangawhai</i>	As per council contractor's quote + 15%

Connections to public infrastructure are undertaken by Council contractors or can be completed by a certified drainlayer by arrangement with the Council engineer.

The connection fee is costed for a standard residential connection. It includes a "y" junction and piping to the boundary.

Connections must be as per Council's Engineering Standards.
